

The Provision of Goods and Services to Persons with Disabilities

TI will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all clients receive the same value and quality;
- allowing clients with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- using alternative methods when possible to ensure that clients with disabilities have access to the same services, in the same place and in a similar manner;
- taking into account individual needs when providing goods and services; and
- communicating in a manner that takes into account the client's disability.

In 2008, the Ontario Government adopted the Accessibility Standards for Customer Service under the *Accessibility for Ontarians with Disabilities Act, 2005* (the "AODA").

Tungasuvvingat Inuit (TI) is committed to providing an accessible environment in which all individuals can access our services and programs in a manner that positively reinforces client service. TI strives at all times to provide its services in a way that respects the dignity and independence of people with disabilities. TI is also committed to giving people with disabilities equal opportunity to access and use our services, and is committed to allowing those with disabilities to benefit from the same services, at the same place and in the same or similar way as other clients.

All documents and forms concerning TI's Accessible Client Service Policy are available by request by contacting:

Email - info@tungasuvvingatinuit.ca
